

Reet Kaur

AI | CyberSecurity | Workspace Success | Personal Growth

Reet is a dynamic keynote speaker blending **24+ years of cybersecurity leadership** with a passion for personal growth and workplace success. She delivers compelling talks on resilience, effectiveness, and emerging AI security. As a woman in a male-dominated field, Reet champions inclusion, bringing fresh perspectives that inspire organizations to build stronger, more innovative, and inclusive cultures ready for the future.

Speaker Topics

Personal Growth: Top-rated talks on imposter syndrome, overthinking, stress and burnout management, personal branding, resilience, and leadership habits.

Workplace Success: Powerful talks on effectiveness, productivity, standout performance, ownership, radical candor, and navigating difficult workplace dynamics.

CyberSecurity: Cutting-edge topics including AI risks, LLM security, career development, risk-led policies, and building effective cyber programs.

“

Reet brings a rare blend of **visionary insight and practical wisdom**. She makes complex AI security and digital trust issues clear and compelling for any audience. A true collaborator and strategist, Reet delivered a relevant, **engaging keynote that inspired trust** and elevated the entire event.
